SECOND ERRATUM

Released: August 11, 2014

By the Acting Chief, Wireline Competition Bureau:

On July 14, 2014, the Commission released a Report and Order and Further Notice of Proposed Rulemaking (*Rural Broadband Experiments Report and Order and FNPRM*), FCC 14-98, in the above captioned proceedings. On July 17, 2014, the Wireline Competition Bureau released an Erratum amending that document. This Second Erratum further amends the *Rural Broadband Experiments Report and Order and FNPRM* as indicated below:

1. In Footnote 34, in the first sentence, add “, i.e., a split census block” after “basis.”
2. In Footnote 52, in the first sentence, delete the extra space after “jurisdiction” and “presume” also, in the second sentence, delete the extra space before “state.”
3. Footnote 65 is corrected to read as follows:

“Each proposal’s requested support per location will be determined by dividing the total requested support by the number of funded locations within the census blocks (and in the case of split census blocks, also the extremely high-cost locations within the census blocks) the entity proposes to serve, even if the proposal includes census blocks where the total number of locations is greater. *See supra* para. 15.”
4. In Paragraph 48, in the first sentence, replace “eligible locations determined by the model” with “funded locations and extremely high-cost locations.”
5. In Paragraph 68, unitalicize the paragraph number.

This Erratum also amends APPENDIX B of the *Rural Broadband Experiments Report and Order and FNPRM* as indicated below:

6. In Paragraph 62, in the second sentence, replace “eligible locations determined by the model” with “funded locations and extremely high-cost locations.”
